### Spring tickle week

During the week of March 18, "Spring Tickle Week" will once again take place at school.

The purpose of the week is to introduce our students to the topic of relationships and sex education.

As a school, we have a mission to teach children about friendship and love. About relationships, setting boundaries and that there are differences between people (diversity). As people we do not have to agree on everything, but it is important that we respect the other and treat them equally. So that we can live and act together in a positive way.

There is also a lot of diversity at our school. Think of differences in beliefs, cultures, ethnicities and the like. The school is thus actually a mini society where the children learn from an early age that everyone is equal and belongs, even if we have different opinions.

This week there were several moments scheduled for parents to see what the lessons are about. Great to see that several parents found their way to us. Last year we also noticed that many concerns of parents went away after they had seen the lessons. If you still have questions or concerns about the lessons, the advice is to discuss this with the teacher beforehand.

### Participation councilmeeting

The time of the participation councilmeeting meeting has been moved to 6:45 pm. This will be the new time from now on.

If you are a parent and would like to attend, you can sign up in advance via email to teacher Olga:

### Easter breakfast and celebration

On Thursday, March 28, we will have our Easter breakfast or Easter brunch at school. The teacher will inform you if it will be breakfast or brunch. Then you can take that into account in the morning. Stichting Eerlijke Start will support us again in this as they did last year.

We also have an Easter celebration to which you as a parent are welcome to attend. Below you can see what time which group performs.

8:45 - 9:45 a.m.: The preschool and kindergarteners.

10:00 - 11:00 a.m.: Group 3A, 3B, 4 and 5.

1:00 - 2:00 p.m.: Group 6, 7A, 7B and 8.

We hope to see many parents! 😊

### Results Doorstroomtoets

Last Thursday, the results of the Throughput Test, of our grade 8 students, came in. How proud we can all be of our students! They did very well!

Next Monday the results will be given home. There has also been earlier communication with the parents of grade 8 that if there is an adjustment of the advice, that this will be communicated back by phone on Monday.

See also the messages in Social Schools also regarding the digital registration of your child to VO (only for the parents of group 8).

### Visit to the museum H'art

Last week groups 5 and 6 went to the H'art museum. We strive to give our students the opportunity to sometimes share a piece in the newsletter. This is fun for you as a parent to read and in addition a nice writing assignment that is meaningful. So, we hope to include this more often and that this will also give the children more experience with report writing. Below is a short piece from one of our grade 6 students:

*We went to the museum on Tuesday, March 12. We learned about Julius Caesar. And I really liked it and I learned a lot. Amaya (grade 6)*
