16/05	Newsletter 12
20/05	Visit Schoolphotografer!

Tip: In Social Schools, under calendar, you can also find important activities and days off for the upcoming period.

Personeel

Ferhaad will be leaving us from the May vacation due to personal reasons. Next Wednesday he will say goodbye to his group. We thank him for his commitment and wish him all the best at his new school. The parents of group 3/4 have already been informed about the staffing from the May vacations until the summer vacations.

Also our administrative assistant Jasmine will not return after the May vacations. We are grateful for her commitment and dedication. We are also happy to announce that we can welcome two new colleagues.

Dennis is coming over from St. Maarten and will be teaching part time in group 3/4 and on Thursdays in group 5.

Rebecca will be our new administrative assistant. On Wednesday, April 16, she will join Jasmine in the morning to see how things work. We are looking forward to working with our new colleagues! Teacher Dennis introduces himself to you below. You can see who teacher Rebecca is in the attachment!

My name is Dennis Tjon, I have a Surinamese and Chinese background, I grew up partly in Aruba and partly in Suriname. I have also lived in the United States (New York and Kentucky) for over 7 years and on St. Maarten for the past 25 years. My wife is of Haitian descent and we have 3 children. Music is my greatest passion and I also enjoy martial arts. I enthusiastically look forward to starting at Klaverblad.

Group 6 visit to the Archeon

Our group 6 went to the Archeon in Alphen aan de Rijn last Wednesday, April

9. Below is a short piece written by two students:

We went to the Archeon. We learned about prehistory and the Middle Ages. We were able to do different things. My favorite activity was making fire. You had to do this the old-fashioned way, with sticks and stones. We also got to hold real animal skins!

Brandon and Ugochi

Kingsgames

Monday, April 14, the King's Games will take place for grades 1 through 6. We cannot do this without the help of parents/caregivers. If all goes well your group's teacher has already asked for help. If you have time and would like to help please let your child's teacher know. We hope for a beautiful, sporty and fun day together!

Bliksemstage group 7 part I

On Thursday, April 3, Group 7 went on a Lightning Trip. This is the report of the group that went to ABNAMro:

The lightning internship was fun. We first went to the wrong place in Amsterdam Zuid. Then we went to the Venserpolder, to the good ABNAMro. First we had to wait and did a little dance until we were picked up. When we were picked up we went upstairs and introduced ourselves. First we played a game that you agreed and disagreed with. Then we had break time. We got fruit, brownies, cupcakes and drinks.

Nayzion and Jesaiah

Easter

On Tuesday, April 15, we will celebrate Easter again. The children will have breakfast or brunch that day. The teacher will keep you informed what it will be. There will also be a joint celebration. As a parent/caregiver, you are welcome to attend. Below are the times:

9.30 am: Groups 3, 3/4, 4 and 5

11.00 am: The feeder school and the kindergarten groups

11.30 am: Groups 6,7, 8A and 8B

Preschoolday!

Preschool Day is on Wednesday, April 16 from 10 a.m. to 12 p.m. Kofi Ne Amma 2 participate in this. Parents can then come by without an appointment, look around, ask questions and register their child immediately - or take the information home and have the registration done.

For Swazoom Kinderopvang it is an opportunity to welcome new toddlers and

give parents an accessible look at our locations. You are very welcome. See also the Dutch and English appendices.

Yours sincerely,

Fariel Basarat
Team leader for preschools and after-school care

Bliksemstage groep 7 deel II

On Friday, April 4, grade 7 visited Blijleven, headhunters. They are building a gym across the street from our school for TASC.

It was fun. They explained their work well to us. Safety comes first (we were given goggles, helmets and orange vests). We were explained about the concrete piles, why they put them in and how they do it. The piles across the street were not driven, but holes were drilled and filled with concrete. Blijleven removes the tops of these piles so that iron rods emerge on which to build the gymnasium. Dencheyro, Ivan, Joshua, Jallet and D'angelino
