Tip: In Social Schools, under calendar, you can also find important activities and days off for the upcoming period.

Review Kings Games and Easter

Before the May vacations, the King's Games took place. The weather was fortunately cooperative. The children enjoyed themselves. Thanks to all parents/caregivers who helped out! Without you it was not possible to make this day a success.

We also celebrated Easter together again. All classes prepared something and showed it to the other groups during the celebration. The children also enjoyed their Easter breakfast/brunch with thanks to foundation Eerlijke Start who again took care of this for us together with volunteers from Deutsche Bank.

De schoolfotografer is coming!

On Tuesday, May 20, the photographer (Vandenberg-ID) will come to school to take the annual school photos (portrait and group photos) again.

You will receive a personal invitation to the ordering website after the photo session to order photos or photo products. In order to work with this web shop, the school will provide your child's group designation and full name to the photographer.

If you, as a parent, have any objections to your child(ren) having school pictures taken, please notify your own teacher.

We are going to make it a beautiful day! In order to get a nice picture, the photographer recommends preferably putting on colorful clothing and not black or white clothing.

If you have any questions about this, please contact Fatima Saber (f.saber@bsklaverblad.nl).

Looking back and forward parent meeting with the OKA

Dear Parents,

On Thursday, April 10, 2025, we had the second parent meeting of the OKT and Klaverblad. There were 14 parents present, we were very happy with that. We talked about social media and screen time.

It was a nice meeting where you as parents also told a lot of things yourselves. That is very valuable because that way we can really learn from each other.

Thank you for being there!

We look forward to seeing each other again on June 12. That is the last parent meeting of this school year, we will arrange a breakfast for you then! We will discuss at this meeting what topics we will cover next school year. See you on the 12th!

Free online meeting for parents: What food and drink to bring to school?

What food and drinks will make your child learn and grow well? And how do you keep it easy and affordable for yourself?

Marije and Sandra from the Nutrition Center will help you with these questions during the online meeting on Wednesday, May 21, from 8:00 to 9:00 p.m. You can also ask all your questions. Very nice if you are there!

Debatbattle group 7

On Monday, April 7, Group 7 participated in the Amsterdam Debate Battle. Rayan was our debate hero.

I thought it was exciting. I liked it, but I thought it was a little unfair because I thought I did best because everyone responded to me. I felt they didn't always give me a chance to speak. The statements were fun, but I did find one very difficult and that was: Emotions. I did enjoy standing next to two Clockhouse presenters.

Rayan

We liked watching it and we liked the party a lot! It was very exciting to watch. We thought Rayan did very well. We liked the DJ very much. When he went break dancing. We found the thesis very interesting because we learned from it. The audience was very attentive and even if you were not a debate student you could also learn from it.

From group 7
