06/03	Newsletter 10
09/03	Week of the resultinterviews

Tip: In Social Schools, under calendar, you can also find important activities and days off for the upcoming period.

Spring vacation

As you may have read in the previous newsletter, the children will once again have a two-week spring vacation this year. During the first week, our team will have a study week and we will be working on the results, among other things. We look forward to seeing the children again on Monday, March 2.

Parent's morning: Healthy nutrition

On Thursday, February 12, at 8:30 a.m., Helena Larbi and Margaret (Parent Child Advisor) will hold another parent morning. This time, the theme is: Healthy Nutrition. We would like to talk to you about what healthy nutrition actually is, but also about how you as parents view this, based on your own childhood and culture.

Pediatrician Karima will also be present to share her perspective on nutrition. In addition, someone from Tommy Tomato will talk about school meals. We hope to see you all on the 12th!

Resultinterviews

Over the past few weeks, the CITO Leerling in Beeld (LIB) assessment period took place for grades 3 through 7. Leerling in Beeld (LIB) is a pupil monitoring system. A pupil monitoring system is a program that gives teachers insight into the development of their pupils. This insight is provided at an individual level, but also at a group and school level. We use this insight to tailor our educational provision as closely as possible to the educational needs of the pupils and the group.

Invitation via Social Schools

After the spring break, the results will be given to your child. Some parents will receive an invitation for a meeting. If you have not received an invitation but would like to discuss the results, you can sign up for an appointment with the teacher during the week of March 2. You can sign up for an appointment via Social Schools. The meetings to discuss the results will take place during the week of March 9.

Parental satisfaction survey

Over the past week, we have received many forms from parents indicating what they are satisfied with and what they think could be improved. Thank you very much for that! If you forgot to hand in your form, you can still do so this coming Monday. We will report on the results of this survey in another newsletter.

De Doorstroomtoets

On Tuesday, February 3, and Wednesday, February 4, our eighth-grade students took the transition test. We expect the results in the week of March 15. The parents of the eighth-grade students will, of course, be informed when the results are available and how their children performed.
