Tip: In Social Schools, under calendar, you can also find important activities and days off for the upcoming period.

Week of arts

This is now the third year that we are participating in the Art Weeks project. In all groups, the pupils are introduced to an artist and his work. They will also create a work of art in the style of that artist. This project will be completed around March 17. All the artworks created will then be exhibited in an online museum, where you can admire your child's work. This year, it will again be possible to order products featuring your child's artwork printed on them. The teacher will keep you informed about this.

Schooldentist

Today, the school dentist has returned to the school. Starting next Monday, March 9, she will once again be checking and treating the children's teeth.

Parent's morning: Solving conflicts peacefully

On Thursday, March 23, another parent morning will be organized. This time, Ms. Ragnild will be hosting the morning. She has trained our student mediators and would like to show you how this works and how we as a school teach children how to resolve conflicts peacefully. The meeting will start around 8:30 to 8:45 a.m. More information will follow later via Social Schools.

Participation councilmeeting (MR)

The MR met again on February 11. Among other things, we discussed the new school plan that will be drawn up. If you are interested, you can read the reports of these meetings on the website. Here is the link to the website again:
