22/05	Newsletter 13
25/05	2 ^{de} Pentecost, school is closed

Tip: In Social Schools, under calendar, you can also find important activities and days off for the upcoming period.

Staff

Unfortunately, we are saying goodbye to Ms. Rueva. Last school year, she was able to provide us with extra support due to Ms. Astrid's absence. She was originally supposed to stay until summer break, but because of some wonderful personal news, her departure is coming sooner. She is pregnant and will soon become a mother. Her maternity leave begins after spring break. We want to thank her very much for her dedication to the school and to our children, and we wish her lots of happiness, love, and good health for her little one!

Fortunately, we've been able to find a substitute for Ms. Rueva until the summer. Ms. Sarah will be providing extra support to the preschool classes until the summer. She started on April 1. Below, she briefly introduces herself to you:

Hello everyone! My name is Sarah, I'm 28 years old, and starting in early April, I'll be working as a teaching assistant with all three preschool classes. I support the teachers and help the children with their play and development in the different classrooms. In addition to my work in education, photography is my great passion. I enjoy capturing special and beautiful moments. I bring that same attention to the children in the classroom. I believe it's important that every child feels seen and comfortable in the group. I look forward to meeting you and your child at school!

After the May break, Ms. Chitra will resume teaching Class 1/2B, as she is more familiar with the students and the school's procedures.

Camp groep 8

The children in 8th grade are going on camp again this year. Just like in previous years, they will spend three days at Kindervakantieland de Kemphaan in Almere. They will start with a visit to the Aviodrome and then travel on to the campsite. We hope to see them back at Klaverblad on Wednesday afternoon, May 13. Fortunately, Ascension Day follows right after camp, so both the staff and the children can take some time to relax 😊

We wish them lots of fun and wonderful, unforgettable experiences!

Retrospective Easter and Kings Games

The King's Games took place before the May break. The weather was absolutely beautiful! The children had a wonderful time. Thank you to all the parents and guardians who helped out! Without you, we couldn't have made this day such a success.

We also celebrated Easter together again. All the classes prepared something and presented it to the other groups during the celebration. The children also enjoyed their Easter breakfast/brunch, courtesy of the Eerlijke Start Foundation, which once again provided it for us.

Lessons about Wesak

In addition to our annual celebrations of Christmas and Easter, we also highlight various religious and philosophical traditions at school. Each year, we focus

on one celebration, during which the children are introduced in an accessible way to how this tradition is observed by others. For this, we invite a guest who explains the background and customs of this tradition to the children. In this way, children learn that there are different ways of viewing the world and gain a greater understanding of others. This aligns with our mission to foster citizenship.

This year, we are focusing on the Wesak Festival, which has its origins in Buddhism. The children will learn about the meaning of this festival and its associated customs.

Evacuation drill

Every year, we conduct an evacuation drill with the entire school. We do this so that children and staff remain prepared and know exactly what to do should an emergency ever occur. Last Monday, we carried out our annual evacuation drill again. The entire school was evacuated in no time. Kudos to all the children and staff!

Now let's just hope we never have to do this for real in the future!

School photographer

On Tuesday, May 19, the photographer (Vandenberg-ID) will visit the school to take the annual school photos (portraits and group photos).

After the photo session, you will receive a personal invitation to the ordering website to order photos or photo products.

To facilitate this process, the school will provide the photographer with your child's class designation and full name. If you, as a parent, object to having school photos taken of your child(ren), please notify your child's teacher.

We're going to make it a great day! To ensure a great photo, the photographer recommends wearing colorful clothing and avoiding black or white.

If you have any further questions, please contact Ms. Rebecca (r.tekyaygil@bsklaverblad.nl).

Parent meeting: Positive parenting and setting boundaries

The final parent meeting of this school year will take place on Thursday, May 21. We'll start around 8:30 a.m., but if you're running a little late, that's perfectly fine! This time, we'll discuss positive parenting and setting boundaries: how to set limits

for your child while staying calm. And how can you make sure that, even amid all the hustle and bustle and stress, you still recognize all the things your child is doing well?

We look forward to seeing you again on May 21! See you then!
